Adobe Certified Expert: Muse 1.0

CERTIFIED EXPERT
Adobe® Muse™

Adobe Training Services provides this exam guide to help prepare partners, customers, and consultants who are actively seeking accreditation in the Adobe Certified Expert (ACE) program. This guide, while designed to describe the exam in detail and provide as much information as possible, is not meant to be the sole means of exam preparation. Adobe Training Services offers courses that provide in-depth training on the exam content. Hands-on experience with the Adobe product suite is also a critical element in preparing to pass any Adobe certification exam.

ACE: Muse 1.0 exam overview

The Adobe Muse ACE exam tests a candidates knowledge of creating websites. As a designer using Muse, candidates should be familiar with planning a website, designing a website (including working with type and graphics), adding interactivity, and publishing.

Exam description

The exam has two parts:

- 50 multiple-choice questions, covering a range of topics listed below
- A short survey that we use to gather information about your product experience

Please note that the survey must be completed to qualify for earning the certification. The certification exam has a time limit of 180 minutes, and includes a timer to mark the remaining time.

Exam scoring

The certification consists of achieving the minimum passing score, which is 68%, on a multiple choice test. After completing the test, candidates will be immediately provided with the official score for the exam. They will also recieve an email with the official exam result.

Scheduling exams

The ACE: Muse 1.0 exam is delivered through an independent testing , Pearson VUE. First time candidates can view the step-by-step online scheduling guide here: *http://www.pearsonvue.com/reg_ guide/.*

Returning candidates can register for exams here: *http://www.pearsonvue.com/adobe/.* Note that you will be prompted to login before you may register for exams.
